

Required documents when ordering a new contract

The documents that you need to send to us depend on what kind of delivery method you choose. With the regular PostNL delivery option, we will require all the documents to be sent us beforehand. Below you will find the different delivery options and requirements.

New contract with smartphone

- You sign the contract you have received from us or with a €0,01 iDeal payment
- You make a copy of your ID (below you will find a summary of what we can accept)

One way of sending the documents to us is by taking a picture of the required document and e-mailing it to us. Please note that your initials, surname and bank account number need to match the data on your contract.

New contract without a smartphone

- You sign the contract with a €0,01 iDeal payment

Renewal

- You sign the contract with a €0,01 iDeal payment and confirm your phone number with a verification code you will receive by text message. Your order will then be sent by PostNL.

Applying for a contract when you have a foreign ID

When we process your order, we always have to check the data you have given us. Every operator has their own set rules when it comes to the different foreign documents they accept. Mobiel.nl is bound to these rules. In the summary below, we have explained which forms of ID are accepted by the different operators in order to apply for a contract.

Operator	Foreign passport within the EU	Foreign passport outside of the EU	Residence permit	Additional requirements
Vodafone	 + bank card, at least 6 months old or with an IND-sticker. (passports issued before 2014)	 Only sim only	 I t/m V, EU/EER and Article 50 TEU-document: valid for at least 6 months.
